

Evaluation Sheet

Considerations

Did I meet all special educational considerations?

Did I create a motivating, meaningful and safe framework?

Did I design the activity so that all children contributed?

Did the children have the opportunity to explore and find solutions?

Did I adapt the activity, so it wasn't too boring or too frustrating for the children?

Did I make the children's strategies and challenges visible with them?

The Indicator Tree

What indicators of playful learning did I see?
How are the indicators maintained or promoted next time?

Documentation

What of what happened today makes sense to capture and share with the children next time? For example, a social strategy or a challenge.

Iteration

What do I want to pursue from the children's initiatives and experiences from this time in the next activity?
